

## In honor of **DARRIN SHABOT**

Darrin's history with Hillel Yeshiva began in 2005, when he became the Chairman of the Buildings and Ground Committee. Guided and mentored by our visionary founders, his experience and knowledge in construction led him to oversee the building of Founders Hall.

Darrin plays a key role in the summer drives for the Morris I. Franco A"H Scholarship Fund. He is a mentor to our younger generation of volunteers, guiding them and sharing his ideas and skills.

Darrin is a strong believer in giving back to the community that has nurtured his family. He encourages everyone to get involved - the reward is great!
